Come in, by all means, and hear a REAL phonograph.

Hear one that has a tone so splendid that you will detect ils SUPERIORITY at once-That, as a piece of furniture is as beautiful as any you have ever seen or conceived -That needs no changing of needles but which is so constructed that you CAN use needles on the style records that require them.

Pathe's bring out of ANY record all the clearness and "sweetness that ever WENT INTO IT. When you OWN a Pathe you are able to get ALL the joy from a phonograph that ANY make can give you and a great deal more that ONLY a PATHE can give.

You'll be glad to know, that for Pathes, as for all our other things
